An Expensive Game

For You!

If you see a Chair in our store marked \$3 and in another store you see the same chair marked \$1.98, your first conclusion is that the first store is high. Some merchants take advantage of this. They mark a ridiculously low price on things whose prices people can compare while shopping around. Then, on other things they boost the prices unreasonably high. You are misled by this, and you pay too much for the most of your goods. In this store everything is marked at a uniform small profit. Chairs are priced this way.

Child's golden oak finish Rocker \$1.50.
Reed Rockers \$3.50.
Solid Oak Rockers \$5.50.
Leather upholstered Rockers \$10.

Mr. Charles B. Pearce is reported this morning as having had a restful night. He is a very sick man, however.

Brecken Chronicle: "F. M. Fulkerson sold this week to Mr. Len Kiddle of Mason county his fine span of sorrel mules."

The Doctor's Question
Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 95% of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Recall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. I am so certain of their great curative value that I promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Recall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folk. Two sizes, 25¢ and 10¢. Sold only at my store—The Recall Store. Th. A. J. Chenoweth, Second and Sutton streets.

HE REPORTED ALL RIGHT

Colonel John H. Murray, one of the leading Elks of Mayville, has, since settling down to home life and domestic bliss, been neglecting his obligations and duties as a good Elk, whereupon it was ordered that the said culprit should be brought before the Bar, where the High Priest sits upon his Throne, and give oral testimony as to the whyness of the wherefore.

Last night a Committee, headed by a bend and several other kinds of instruments, wended its way to the peaceful home of the said offender and unceremoniously yanked him from the side of his helpmate and delightful surroundings and marched him to "Elks' Home" where he rendered a satisfactory accounting of his short-comings, after which, and footing the bill, which follows in such cases, at a late hour he was permitted to return to his distracted better half, who was alarmed that something harmful had befallen her liege lord. In future John will be more circumspect as to his obligations, both domestic and as an Elk.

MARTIN—PORTER.

Mr. D. C. Martin, aged 22, of Wheeling, W. Va., and Miss Elizabeth Porter, aged 22, of Frostburg, Md., were married yesterday afternoon at the residence of the officiating Minister, Rev. B. F. Chatham, Pastor of the M. E. Church, South. The parties were a comely couple.

GORDLA—STOCKDALE.

Mr. Len Gordla, aged 22, and Miss Laura Stockdale, aged 21, both of Adams county, O., were married yesterday at the home of Rev. J. A. Reed, who performed the ceremony.

READ—LEWIS.

Word comes of the wedding of Mr. A. E. Read and Miss Beatrice Lewis, the latter formerly of this city, which occurred on Wednesday, November 24, at Woodland, California.

The bride was formerly of Mayville but has resided in California for several years. She is much admired for her lovable character and manner, and her host of friends in her old home join in wishing her all happiness in her new life.

Mr. and Mrs. Read will be at home at Woodland after November 10th.

Democrats May Try to Keep Powers Out

LOUISVILLE, Ky., November 10th—Reports, which were freely circulated today and which were neither affirmed nor denied by Democratic leaders, are to the effect that there is a movement under way to have the nine Democratic Congressmen of the Kentucky delegation make a concerted effort to have Caleb Powers ousted from his seat as Representative of the Eleventh Kentucky District.

"THE GOVS"

Of Forty States Will Hold a Confab at Frankfort November 29th

Kentucky is going to put the big pot in the little one in her preparation for the conference and of Governors, which will be held at Frankfort in Louisville, beginning November 29th next.

After a day or two's session at the Capitol and a trip through the Bluegrass the Governors will go to Louisville for a further meeting. Invitations will be extended not only to the Governors of all the States and Territories, but to the President of the United States and Theodore Roosevelt, who suggested the first conference of Governors, to Mr. Justice John M. Harlan of the United States Supreme Court and to Mr. Justice Charles E. Hughes of New York, who took a prominent part in the organization of the first Governors' Conference.

When Kentucky gets through with the Governors they will know where they have been and will very likely be able to say that they will be glad to come again.

Mr. Edward Broeze has resigned his position at Hofflich's drygoods store. Ed is a polite and worthy young man, something that is not over plentiful now-days.

ENTERED SUIT

John Yates and Amelia Sykes have jointly filed suit in the Mason Circuit Court against the City of Mayville. They want \$1,500 as damages to property and household goods in consequence of the big rain and overflow of sewer last spring.

WOODS AND FIELDS

In Mason County Reported Full of Quail and Rabbits

Quail and rabbits are reported plentiful in the county. The season has been exceedingly favorable, which accounts for the quantity of the game. The hunters are eagerly looking forward to next Tuesday when the hunting season opens, when the horn of the the hunters will be heard in the land. Judge W. H. Rice will forsake his official duties and will take a week off in indulging his propensities in the festive sport. And, by the way, he has promised his newspaper friends, and that includes the whole gang, a toothsome dish of quail and young rabbits on his return. May success attend his good intentions.

Burley Society Sues L. and N.

Suit for damages in the sum of \$50,000 was filed late Wednesday in the Bourbon Circuit Court by the Burley Society against the Louisville and Nashville Railroad for the loss by fire at Millersburg of many hogheads of 1909 pooled tobacco valued at the amount sued for. The petition alleges that the Railway Company, through negligence and defective equipment, caused the storage warehouse containing the pooled tobacco to take fire from sparks from a passing locomotive, causing the warehouse and its contents and the contents of another warehouse adjoining to be destroyed.

Speaker Cannon to Turn Tables

WASHINGTON, November 10th—Another contest over the question of taking from the Speaker the power to name standing committees is expected to develop soon after the House of Representatives assembles next month. This time it is not unlikely that the movement will receive the support of Speaker Cannon and his allies, inasmuch as the next assignments will be made by the Democrats.

Some members of the House who are now here believe that if the power to appoint committees is taken from the Democratic Speaker in the Sixty-second Congress and handed over to the House membership all hope of harmony in the Democratic ranks may be abandoned.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Mayville women know how the aches and pains that come when the kidneys fail, to make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all of these disorders. Here's proof of it in a Mayville woman's words:

Mrs. John Burns of Mayville, Ky., says: "I value Doan's Kidney Pills just as highly today as when I gave a statement for publication in their favor some years ago. I was subject to attacks of kidney trouble and at times the pain in my back was so acute that I was confined to my bed for days. The prompt relief I received from Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore, was very gratifying, and during the years which have since elapsed, I have had no serious return of kidney trouble. On some occasions, I have felt a slight backache, but a few doses of this valuable remedy have never failed to ward off any bad attack."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—take no other.

If your stove is small, try some of our bit coal in it. Then you'll have a "daily" fire in no time, with no clinkers, no choking of coal in the feed. Bigger coal for bigger stoves, of course.

"I've nothin' to say to 'em, Kermit,
Nothin' at all to say,
I wish I had stayed in Europe
And never had seen this day.
They've beaten your Dad to a 'frazzle'—
Licked me in my own Oyster Bay—
Told the boys I am dead and forgotten,
And have nothin' whatever to say!

"My bluff and my buncombe have gone, hoy!
Your Daddy is close as a clam;
I went on the stump like a lion
But now I am meek as a lamb.
I'll bet Big Bill Taft is just laughin'
And will laugh, too, for many a day,
So if Bill calls me up on the 'phone, lad,
Tell HIM I have nothin' to say!

"I'll bet that Joe Forsaker's grinnin',
Like ev'ryone else in, I guess!
The English will recollect Egypt
And be glad that I AM in this mess.
Bran Nick, through my talking and shouting,
Came mighty near losing the day—
Send a wire and inform him for once, hoy,
That I've nothin' whatever to say!

"The pet of the cowboys is vanquished!
Their Teddy's 'skedaddled' at last!
I'm a corpse of the very first water—
My talk about honesty's past!

If Dix calls me up, just say 'GO TO'—
My Daddy has nothin' to say!"

No Voting Done at Fire Brick, Ky.,
Last Tuesday

Portsmouth Blade.

When the voters at Fire Brick, Ky., filed to
the polls Tuesday morning to cast their hal-
lots they found the custodian of the ballot
box mysteriously missing.

He failed to put in his heaving countenance
all day and consequently the polls were kept
barred and locked, as he had the combination
to the whole shebang.

Now both Democrats and Republicans alike
are solidly in favor of voting a straight Re-
publican ticket, as a Democratic disciple was
responsible for the middle. The Democrats
say that if a member of their own party is
going to deprive them of the right to vote by
snoozing all day on election they are going to
flip over to a live party.

TRUE ECONOMY

The success of this store is built on quality, on the
class of trade who realize true economy is a matter of
values rather than prices, that the buying of "cheap
garments," cheaply made, is false economy. We never
studied quality more carefully than in our selection of
Fall Suits, Coats, Skirts and Waists. It is a charming
assortment at prices absolutely the lowest for the values
they represent.

learn that there is at least one disease that
science has been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical fraternity.
Catarrh being a constitutional disease, requires a
constitutional treatment. Hall's Catarrh Cure is
taken internally, acting directly upon the blood
and mucous surfaces of the system, thereby de-
stroying the foundation of the disease, and giving
the patient strength by building up the constitu-
tion and assisting nature in doing its work. The
proprietors have so much faith in its curative
powers that they offer One Hundred Dollars for
any case that it fails to cure. Send for list of tes-

IT has been definitely decided that the railroads and express companies of the entire country will unite in an attack through the Courts on the Mann-Elkins Act, which was passed by Congress last June at the urgent solicitation of President TAFT.

THE history of the Democratic party has been a long story of flirting with unsound finance. In the old days it was State Banks, in the 70's it was fiat money, in the 90's it was an attempt to dilute the honest dollar with silver, and 1908 it was the guaranty of Bank deposits. To what kite-like vagary will they become the tail next?

AND what shall we do with our ex-Presidents?

IF wages and conditions are not better here than in other countries, why do a million wage-earners a year seek homes in the United States?

PASTE this in your hat: The average wages of the ordinary laborer in the United States is \$1.36 per day, as against 80 cents per day in Great Britain. The average daily wage for bricklayers, stone masons, stone cutters, carpenters, painters, plumbers and machinists in the United States is \$3.14, as against \$1.50 in Great Britain. The United States has a Protective Tariff. Great Britain has a Tariff for revenue only. It is now being clamorously urged that the United States adopt Great Britain's Tariff policy.

DR. ANDREAS GALLE of Potsdam, the Royal Astronomer, does not believe that PEARY ever reached the North Pole. Dr. GALLE says he cannot understand why any greater faith should be placed in PEARY than in COOK, for none of the methods PEARY used in trying to fix his location could have given accurate results. Dr. GALLE is regarded as one of the most learned and accurate astronomers. He says that in all probability PEARY never reached the pole. Of all the transparent frauds on earth the North Pole discoverers are IT. There isn't any North Pole to discover, and PEARY is the biggest Ananias in the bunch.

DEMOCRATS talk as if the country is on the verge of ruin.

Is it?
Wages were never higher.
Our factories were never busier.
Our railroads never had a greater mileage or a larger number of locomotives and cars in use every minute of the day and night.

There never were so few idle men.
Farmers never had so good a market for the products of their farms.

Prosperity never was so marked or more general.

Where is the distress?
Where are the soup houses?
Where are the Coxey's armies?
What industry is on the decline?
What workman who wants work fails to find it?
Think it over.

PROF. ELWOOD of the University of Minnesota, who has been investigating the influence of divorces on the future life of the children involved, has presented some interesting statistics. Thirty per cent. of the 5,575 inmates of thirty-four Reform Schools in the United States became demoralized and abandoned in the sundering of the marital bond.

IN the South Dakota Training School 30% of the children came from homes wrecked by divorce. The Court records of St. Louis reveal the fact that 400 out of 687 of the children in the Juvenile Court of that city came from homes shattered by the separation of the parents.

TO check the tide of divorce demands the attention of all the States, for the burden of keeping up corrective institutions, where a large number of the offspring of divorced couples go, falls on all the people.—Commercial Tribune.

Free Remedy Helps Children

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

This Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is simply not dynamic like salts, pills and powerful cathartics, which should not be given to children anyway.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—over night wonderful results have been secured with Syrup Pepsin.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Write for the free sample advice or the free sample address him: Dr. W. B. Caldwell, 641 Caldwell Building, Monticello, Ill.

TOBACCO MARKETS YESTERDAY

CINCINNATI, O., November 10th—Although the grade of tobacco offered today by the Burley Society at the auction was the best during the present sale the market was off and the prices received were the lowest ever heard of in any sale.

Five hundred and twenty-three bogsheads of tobacco were put under the hammer. The average ran as low as \$8.

LOUISVILLE, Ky., November 10th—Burley tobacco from the 1909 pool is moving in increasing volume. It was offered on the local auction breaks today to the extent of 810 bogsheads and nearly every county in the Burley District was represented.

New Burley was offered to the extent of only 55 bogsheads, due to the lack of suitable weather for stripping and pricing.

At Lexington average sales at the six warehouses, 8 cents on loose leaf and 10 1/2 cents on the Burley Society's old tobacco, of which 237 bogsheads were sold, 237,000 pounds. The loose leaf sales totaled 17,490 pounds, and the total sold today was 254,490 pounds.
